### SIMPLE EDGINGS

September 20 & 27

Do you have stitched pieces that you don't want to frame but you don't know how to finish the edges? If so, this is the perfect class for you. Come and learn how to do two simple edge stitches that you can use to finish your linen embroideries.

You will work on a piece of linen that will be finished as a bookmark. The long edges will be finished with a Scandinavian three-sided stitch and the short edges with a fringed hemstitch. There may be a small amount of homework between classes if you are not able to complete the preliminary step during the first class. Once your edges are finished, you can leave the bookmark blank or you can add your own personalized design in any technique that you like.

The kit will contain a 4"x12" piece of linen, threads and a tapestry needle. Bring your basic sewing kit including basting thread.
